Town Measures Impact of Wage-Price Freeze

Princeton's public school teachers, a fat new contract in their desks, probably feel the cold blast of President Richard M. Nixon's wage-price freeze more sharply than any group of similar size in the community.

Teachers weren't scheduled to receive their bigger paychecks until September 1. Thomas P. Cook, attorney for the Princeton Regional School Board, said this week that he believed the teachers would have to be paid at the old rate during the 90-day freeze. He explained that he had conferred with the Washington office of the National School Boards Association, and had formed his opinion as a result of these talks.

But some teachers, about 20 or 30 who worked this summer, have already been receiving paychecks at the new,

all contingent on any future Federal directives.

Rent? Tuition? The community's largest landlord, Princeton University, finds itself holding 670 leases, up for renewal September 1 with rent increases incorporated into each. Grant Green, who directs such matters for the University, says the institution has slightly over 1,000 rental units for faculty, staff

but what rents are frozen at the current lower rate, and if a tenant pays the increase, PSI will not accept it.

Some Palmer Square rentals went up on July 1 and others on August 1, and these increases will hold, Mr. Blacher says.

Tuition increases do not seem to be the problem for Princeton University that they are for other institutions. The first installment of the new

Up a Lazy River, in the Noonday Sun...

The Millstone River, below the Kingston Dam, has long been a favorite launching place for canoeists. A poet, whose name slips from memory, once wrote:

"When the Millstone mirrors plain
The fresh green boughs of Spring again,
Canoes will thread its leafy maze."

Legend once had it that the river could be set afire — by stirring up the mud on the bottom and lighting the marsh gas thus released. Among those who reportedly tested the legend was one George Washington, while he was staying at "Rockingham" near Rocky Hill, writing his "Farewell Orders" to the American Army in 1783.

and married students.

Tenants were notified of rent increases in March, Mr. Green says. If a lease has been concluded and signed, but the increase isn't due until September 1, what then? Mr. Green's office is making inquiries from the Office of Emergency Preparedness to find out.

Palmer Square, Inc. has 25 leases in the September 1 category, according to Fred M. Blacher, president. Even if the leases have been signed, he says, there is no question

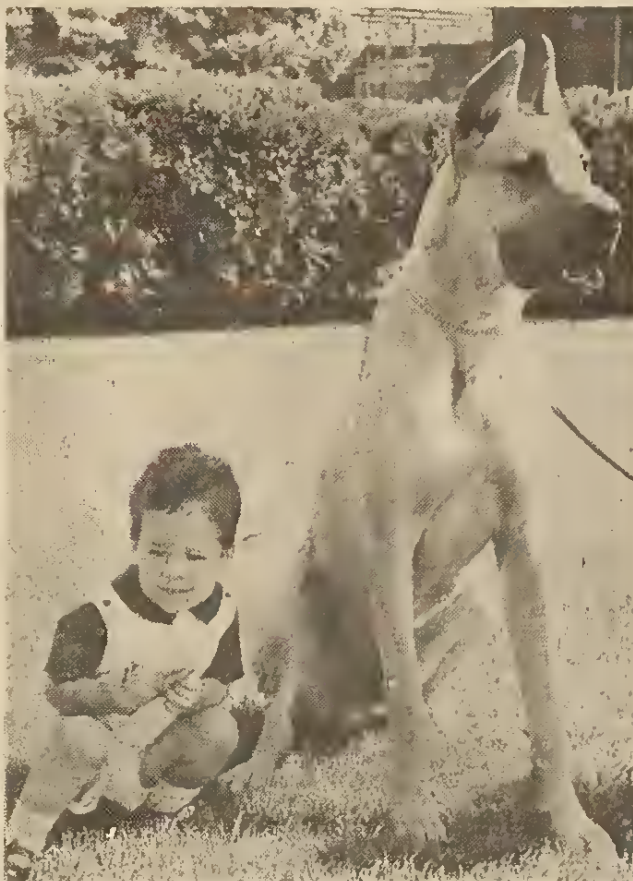

increased tuition was due August 1, and a parent who has made the down payment, so to speak, will probably have to pay the increase.

INDICTMENT POSSIBLE

In Carpi Case. A Mercer County grand jury, which has already heard some testimony in the state's case against Colin C. Carpi for the murder of his wife, Laura, may hand down an indictment this week.

The Carpi's oldest daughter, Jennifer, 11, testified for about 30 minutes before the

COOL AND RELAXING

Yes, a house can be; particularly when its setting is brook bordered and its verdant lawn studded with mature trees. Cool too, when you are but a short walk from the beckoning shores of Lake Carnegie.

Relaxing, certainly, when you occupy an easy living, easy keeping one story 3 bedroom rambler which has a brand new kitchen and new decorating. You'll also relax when you learn that the move-in condition can be converted to early possession.

Huge Plainsboro Project Given First Mortgage

A mortgage to cover 90% of the \$14.6 million cost of the first section of the Planned Community Development project in Plainsboro was approved Tuesday.

The New Jersey Housing Finance Authority will underwrite the amount, to be amortized over a period of 48 years. The forthcoming \$13.2 million will finance land purchase and construction costs for an initial 776 dwelling units to be

built on the Plainsboro-Cranbury Road.

In all, 5,100 units are planned. The entire development will cover some 650 acres.

At the outset, 60 buildings will be constructed, covering 46 acres and containing the first 776 units. A portion of the mortgage approved Tuesday will also meet such costs as a state-approved sewage-treatment plant, two tennis courts, a swimming pool and a recreation building.

The state Housing Finance

Authority said that rental rates for the first units will be geared to those "of moderate income." Monthly rentals are expected to range from \$189 for a single bedroom unit to \$279 for a "deluxe" two-bedroom, two-bath apartment.

Shopping, recreational and industrial facilities are planned as the 5,100-unit project proceeds. The developer is Lincoln-Plainsboro Co., a partnership with headquarters in Moorestown.

grand jury last Thursday, the only witness the jurors heard. The grand jury may also wish to hear more testimony from other witnesses before taking action. Several police investigators and Dr. Alvin Friedland of East Orange, the Carpi's psychiatrist may be heard.

A preliminary hearing in Princeton Township Court is scheduled for Monday, but but could be cancelled if the grand jury should move for an indictment.

Last week Superior Court Judge A. Jerome Moore granted County Prosecutor Bruce M. Schragger permission to use files on a custody battle between Mr. Carpi and his wife over their four children. He also released psychiatric records on Mrs. Carpi from Dr. Friedland, but prohibited the prosecutor from delving into any of Dr. Friedland's records on Mr. Carpi.

Gerald P. Stockman, Mr. Carpi's attorney, had vigorously opposed release of the custody transcripts and the psychiatric records.

Mrs. Carpi's body still remains in the New York City Medical Examiner's office. There are no immediate plans for a funeral because it has not been released, according to her father, James Miller of Philadelphia. There are reports that a dispute over who should claim the body is responsible for its not being released.

DeCAVALCANTE INDICTED

On Stolen Pistol Charge. Samuel DeCavalcante of the Princeton Pike, Princeton Township, was indicted Tuesday by a Union County grand jury on charges of illegally acquiring a .38 calibre pistol.

He is accused of keeping the weapon without a permit after acquiring possession of it between July 10, 1967, and March 21, 1968. The grand jury charges that he either stole the pistol from a manufacturing firm in Pennsylvania or accepted the weapon, knowing it was stolen, and illegally

brought it to his plumbing firm in Kenilworth.

A reputed underworld leader, DeCavalcante is currently serving a jail sentence following conviction on a charge of conspiracy.

CHICKEN BARBECUE SET

For Hopewell Valley Tuesday. The annual Hopewell Valley chicken bar-b-que is planned for 5:30-9:30 on Tuesday at the Union Firehouse in Titusville. Mrs. Nancy Schluter of Pennington, State Committee woman for Mercer, is chairman.

Congressman John Hunt of the First Congressional District will be the speaker. Tickets will be available at the door or may be obtained from Mrs. Benjamin Phillips at 737-1358.

NO IOLE HANDS SEEN

At YWCA Workshops. Needlework and handicrafts have been the summer activities of a group of YWCA women readying their boutique workshop products for the next International Festival. Under the direction of Mrs. Carolyn Bowles, workshop members have turned out many silk scarves, ties, peasant and hostess skirts, and casserole carriers.

Starting in September, a Christmas craft workshop will meet on Tuesdays at the YWCA. Mrs. Rosanne Jacks will direct work on making gifts, toys and Christmas decor. Articles from both workshops as well as an assortment of jewelry and foreign handicraft will be on sale at the YWCA International Festival scheduled for November 5-7. Proceeds will support the work of the YWCA abroad.

DRUG PROGRAM BACKED
By Both Governing Bodies. Both Borough and Township have now approved Princeton's participation in the youth-to-youth drug program of the Institute for Applied Psychotherapy.

Approval was necessary before the Princeton Drug Committee's request for money to operate the IAP program could even be considered by SLEPA (the State Law Enforcement Planning Agency).

Committee passed its resolution 4-0 Monday night (Mayor James A. Floyd absent). Council had already approved by a 3-1 vote (Joseph Moore dissenting).

At Monday night's meeting, Committeeman Jay Bleiman repeatedly emphasized that the IAP project would be under the control of the two governing bodies, each of which is guaranteeing \$6,250 in case the money is needed during the project's first year of operation.

Committeemen Dean Chace and Thomas Hartmann added their own emphasis, urging professional evaluation of the program and co-ordination of all Princeton's drug-control efforts.

Mr. Bleiman announced that he hoped, at Committee's next meeting, to have ready a citizen committee of professionals to oversee the IAP and other drug programs.

We Endorse. Committee as a whole endorsed the program on the strength of a letter of sponsorship signed by eight members of the Princeton community and scheduled for signature by two more.

Sponsors are Mrs. Alice Male, Dr. Shirley Van Ferney, Dr. S. Robert Lewis, Dr. M. David Atkin, Mrs. Hilda Wiletsky, Mrs. Nancy Gryzbek, Mrs. June W. Bliss and Bill Kight. Scheduled to sign are Martin P. Lombardo and Mrs. Barbara Fields.

Mrs. Male and Mr. Lombardo are Borough Councilmen; Dr. Lewis and Dr. Atkin are pediatricians; Dr. Van Ferney is a psychiatrist specializing in adolescents; Mrs. Gryzbek is executive director of the Council of Community Services; Mrs. Wiletsky, a social worker, was on the staff of the Child Guidance Special Project; Mrs. Bliss is a psychologist; Mrs. Fields is chairman of the Princeton Drug

Committee and the Rev. Mr. Kight is a street worker with youth.

IAP is in the process of incorporation as a non-profit agency in the state of New Jersey, Mr. Bleiman said.

Challenge. "A list of sponsors doesn't say a thing," protested Mrs. Malcolm Diamond, 393 Walnut Lane. "Besides, Mrs. Male and Mr. Lombardo are municipal officials who will have to review the program."

She charged that IAP has "no professional status — it's strictly amateur."

Mrs. Gryzbek assured her that a committee of professionals and not the sponsors would evaluate the program.

"This is the only peer-group program that's come along and I'm convinced we need a peer-group program," replied Mr. Hartmann. He was referring to IAP's policy of using a staff of young people to work with young people.

Mrs. Diamond pointed out that no "Princeton peers" would be involved in working with Princeton youth.

"I'm Willing." "IAP has been examined by people who know, and found to be all right and I'm willing to spend the \$6,250 to find out," declared Mr. Chace.

"We took the Child Guidance Special Project a lot on faith at the start," Committeeman John D. Wallace reminded his colleagues and the audience. "The Princeton Drug Committee has recommended this and we must try it and evaluate it. Yes, it COULD be that it doesn't work out, but we must try."

And Furthermore . . . In other business Monday night, Committee reported gloomily that a record number of Township taxpayers — 33 — are in arrears on their taxes. The sum involved is about \$10,000. Many of these, Mr. Wallace observed, will wait until the last moment and then pay up.

Mr. Bleiman, who is Police Commissioner, announced the appointment to the Township police force of Harry Morton, 27, of 44 Birch Avenue. Mr. Morton has been on the University's proctor force for about a year and a half. He attended Princeton Borough schools and is a graduate of

WORLD WAR II is a quarter of a century away, and at Princeton Airport you'll find that former Luftwaffe pilot Otto Kahlback (left) and former RAF pilot Trevor Blake (right) are frequent flying companions. On Monday the two American Can research engineers took off for "a little look around" at midday. With them were Dr. Paulus Kersten, also of American Can who has recently received his pilot's license, and Jan Flinterman (second from right) of The Netherlands, vice-president of the KLM subsidiary, Martinaire, who flew in the same Spitfire squadron with Mr. Blake during the Battle of Britain and after the war in the Dutch Royal Air Force.

That shadowy Snowden Lane sidewalk may weave its way back into the news. Committee decided Monday night to re-introduce in September the ordinance providing for a walk between Leahrook and Braeburn on Snowden after conferring with property owners. It was defeated last time around, but there is now a new Sidewalk Master Plan.

THE SAME OLD GAME

Flim-Flam Works Again. As sure as God made those little green apples, flim-flam artists are going to return to Princeton again and again, because of the success they have working their schemes here. Articles such as this one in local papers, sermons in church, or other ways of warning people go unheeded every time by the victims.

In the latest caper, an elderly Princeton area woman was approached on Nassau Street near Palmer Square around 1 p.m. last Tuesday by another woman, who asked where a lottery ticket could be purchased.

They were immediately joined by a third woman, who said

"Dear Mr. President..."

A nice and sunny
Seventy degrees
Is just about right
For a 90-day "freeze."

Now if the White House could just find some way to "freeze" the weather at around 70...

Chances are, those figures (70 and 90) will be transposed in the next few days. The forecast calls for the thermometer to top 90 right through Friday, with the humidity on the way up, too.

That sort of mixture will increase the likelihood of showers, especially for the weekend. Summer, it seems, still has a way to go — but that's not bad, either.

that she had just found \$38,000 in large bills wrapped in a newspaper in front of Woolworth's. It supposedly contained a note reading, "Here is half of your winnings. Put them in a bank in Switzerland." (Signed) "Columbo."

The two women told the intended victim that they should all go down to see a lawyer named "Mr. Laird" on Chambers Street and he would advise them what to do with it. While the victim waited in a car, the two women found out from "Mr. Laird" that it would be all right for the three to split the money.

The victim and the first woman, who had not found the money, were asked to put up some of their own money to show good faith. The first woman said she would put up \$5,500. The victim said she could get up \$500, and went to the First National Bank to withdraw it.

Immediately after this was done a call was put through to "Mr. Laird," and he asked to speak to the victim, wanting to know if she could produce any more cash. The victim said no, and was told to give the money to the first woman. She did so, but immediately after she hung up the phone she decided she had done the wrong thing, and asked for the money back.

The second woman, however, had already left with the money. The victim grappled briefly with the first woman on Nassau Street, before she broke away and jumped into a waiting car.

Chief Peter J. McCrohan referred to the job as "the old pigeon drop." He pointed out that even when people are caught at this the penalties are usually so light, that they are right back on the street trying it on someone else.

YOUNG WOMAN BEATEN

Man Charged with Assault. Charges of assault and breaking and entering have been lodged against a Borough man who broke into the Bank Street apartment of two

young women around 3:28 a.m. August 16.

William H. Childs, 32, of 81 Leigh Avenue, is currently awaiting trial in Mercer County Jail. Bail has been set at \$7,500. According to police, Childs broke a pane of glass on the front door to gain entrance to the apartment and began to assault one of the girls.

The other was able to call police and Ptl. Bernard Lenhart and Kerry Klink got to the apartment and arrested Childs while he was still inside. The name of the girls and the exact address were withheld by police.

THEFT REPORT

Numerous Items Stolen. Borough and Township residents continued to be victimized by a variety of thefts last week. Joachim T. Baer, 300 Western Way, reported Monday to Township Police that camping equipment, including three sleeping bags and three air mattresses, was stolen from a storage bin at Hibben Apartments. Mr. Baer discovered the loss when he went to move his belongings from Hibben to Western Way.

Larry Tolve, 184 Witherspoon Street, lost \$150 on August 14, when someone stole his shirt and pants, which contained his wallet, while he was taking a shower at the rooming house. The theft took place around 3:44 a.m. Also on August 14, a panasonic radio, a record changer and \$15 in cash was taken from the home of William Lewis, 53 College Road West, sometimes between noon and 9:45 p.m.

DRIVER UNINJURED

After Wild Ride. A car out of control on lower Nassau Street early Sunday morning resulted in a rather fortunate ending for all concerned with no injuries to people, and relatively little property damage.

August J. Larson, 36, of Trenton was driving east on Nassau around 6:37 a.m. Sunday, when he lapsed into a state of insulin shock, as it was later diagnosed by Dr. T. P. Cortelyou of Princeton Hospital.

His car began to swerve out of control, first striking a public service pole in front of 227 Nassau near Olden Avenue. It then crossed to the other side, striking the curb in front of 242 Nassau, veered back into the middle of the road briefly and then jumped the curb in front of 248 Nassau. There it hit a parking meter and a parking sign, knocking both over, before coming to a halt.

The right front fender, bumper, radiator and one headlight of the car was damaged. Mr. Larson, who was just semi-conscious by this time, was otherwise uninjured.

PET SHOW DRAWS CROWDS

To Shopping Center Saturday. More than 130 pets from as far away as Somerville and Trenton were entered in the Princeton Shopping Center Merchants Pet Show Saturday. Ninety-four children brought their animal friends to the show for judging by Mike Beatty, professional dog trainer from Princeton Junction; Alan Richards, Princeton photographer; and Eileen Denish, pet fancier from Philadelphia.

A tie for first place for the largest pet was voted for Billy Jasien, 575 Snowden Lane, who entered his pony, Cheyenne, and Andrea Kassof, 120 McCosh Circle, with her St. Bernard, Gretl. Top place for best dressed pet went to Cheryll Meeker, 33 Dawson Road, Kendall Park, for her cat, Daisy.

Britta, an English Setter, won her mistress Lisa Gaby of Millstone, a first prize for the best dog. Best cat first prize was captured by Muffin, who belonged to Milisa Murray, 976 Alexander Road.

For best groomed, Greg Davidson, 18 Turner Grove, won a first prize with his dog, Bhim. Four guinea pigs owned by Kathy Nelson, 165 Hickory Court, were awarded first prize for best group pets, while a wild mallard, Rubber Ducky, was given a first for most unusual entry. The Summer of '42 Is Finally Over

"Summer of '42" closed at the Princeton Playhouse on Tuesday after a record-breaking eight-week stay. The theatre management says that the total attendance over the period was 23,644.

The previous record was five consecutive weeks achieved by "Tom Jones," "The Graduate," "Goodbye, Columbus," "Romeo and Juliet," "M*A*S*H" and "Z."

"Summer of '42" was a good steady seller," according to Fred Rhodes assistant manager of the Playhouse-Garden theatres. The matinees and mid-week evening shows drew more attendance than usual, he said, noting that the film seemed to appeal to both the dating age and the older adults.

The cashier at the Playhouse found some of the customers returning for the second and third time. Nationally, "Summer" is on the list of the top ten at the box office for the third straight month.

again next Friday and Saturday with rain dates scheduled for both Sundays.

If it rains, performances will be held in the Borough Hall gym at the same hour. A cast and technical crew of 25 has been working every day for two weeks, rehearsing and painting scenery, sewing costumes and assembling props, arranging lights and music. The Summer Street Theatre is under the over-all direction of Amie Brockway.

"1776" AT ARTS CENTER
Garden State Books Musical. "1776," the musical comedy for everybody (bring the kiddies), will be given for one week at the Garden State Arts Center starting next Monday with an evening curtain

at 8 p.m. It will play at that hour through next Thursday, with Friday and Saturday performances at 9 p.m. A special family matinee has been scheduled for Saturday, August 28 at 3 p.m.

The Garden State Arts Center is at Telegraph Hill Park, off Exit 116 on the Garden State Parkway.

"1776," which somebody once called "the president of musicals," describes what author Peter Stone thinks might have gone on in Philadelphia during those hot summer days before July 4 when the Declaration of Independence was on the drafting boards.

Sherman Edwards conceived the idea and wrote music and lyrics, Stuart Ostrow produced and Jo Mielziner did the scenery and lighting. Mr. Stone was the director.

The musical won both the New York Drama Critics' Circle Award and the Tony Award, and was the first musical to be presented in its entirety in the White House.

The Canes share an idea that is, today, distressingly rare. They think that wood furniture should be made of wood, brass lamps of brass, and that plastic is best restricted to toothbrush handles and toys. And they've done something about their idea: assembled several hundred fine upholstered pieces, museum re-creations, hand-crafted accessories, and custom-made furnishings, and put them all under one roof at Cane Farm. You can come see them, savor them, and buy them for reasonable prices.

IT'S NEW To Us

FOR THE COMPLETE LOOK

Try Elle 2. Elle, the high fashion boutique on Chambers Street, now has a glamorous sister shop, Elle 2, located at 195 Nassau Street in the Thompson Building, where the Improvisation Boutique used to be. Here you'll find the shoes that complete the look of the Forties, which has surged back to become the look of today.

Mrs. Angeline Alonzo and her daughter, Anne Ridell, who is her partner, are persuasive in their attitude towards today's fashions. "It's a new-old look," Mrs. Alonzo says. "They talk a lot about the freedom of the body — this is what we emphasize at Elle, the natural, sensuous look of women — and now we have given the natural look to the foot."

The new-old shoes are fabulously colorful suede wedgies, with long straps to wrap above the ankle. They also come in "beautiful leathers," Mrs. Alonzo notes. Imported from Italy, the whole lot should be complete by September 15. The suedes we saw were in lively shades of solid blue, yellow and the various reds. You will get a Jean Harlow feeling in them, so watch yourself.

Anne Ridell, talking about the first Elle on Chambers Street comments, "As soon as Mother opened our store, customers began to search for shoes that go with the clothes we sold. They've had to go to New York."

In the new shop, Elle 2, the shoes range from wedgies to the long-lace clogs with wooden sole and heel—in suede, again. We saw an oxford with the very marvelous crepe sole — a very well-made shoe that shouldn't curl at the toes the way most low-heeled shoes do.

And for the woman who maintains the classic look all of her life, Elle 2 has very beautiful suedes coming in that are not only elegant but very comfortable. Some versions have ankle straps, some are pumps. "It's a shoe that you really have to see," Mrs. Alonzo remarks. "It's hard to describe!"

Foot Look. "We hope to emphasize the look of the foot," she goes on. "We feel that the public never had the shoe they

needed to coordinate with Elle dresses. At the beginning, the shoes may be a little too different for some people — but this is what they are wearing all through Europe — and in New York.

"And the women who wear the classic clothes, they should have beautiful shoes. The sophisticated woman will recognize that these are elegant and also comfortable."

Blue And Silver. The decor at Elle will fascinate you. Designed by Be Kahn, a junior designer in Paris and sister-in-law of dress designer Emmanuelle Kahn, she has combined a rich, rich blue rug with the silvery sheen of Mylar on the far wall and white vinyl on the side walls. Before the large window overlooking Nassau Street is a glass table supported by plastic tubes. It is a beautiful shop that says "Now!"

Elle 2 will surprise you (perhaps) with its other offerings: Mary Quant's "Make Love" cosmetics, for instance. A demonstrator will be coming

to help you gain the look of Harlow and Bette Davis — you know: dark fingernails, dark lipstick, even a tiny facial mole.

Typically Mary Quant, the mascara is called Jeepers Peepers, and for the lips, decide on SkyBlue Pink, or Sundown. Perfumes too, the new one Potion, requires that you don't use much.

Elle 2 has light-weight coats right now, mid-lengths by Emmanuelle Kahn that are paired with hot pants, if you wish. Also panty hose from London that complement the shoes — and made by Mary Quant. They start at \$2, "and you can't compare the quality!" Mrs. Alonzo says with satisfaction. The idea is to coordinate so that you would wear, with a red shoe, black, or purple or royal blue panty hose.

Elle 2 also has over-the-knee socks for the young to wear with a mini skirt or hot pants. Some have the ribbed look. —Continued on Page 12

BLUE WATER, WHITE DEATH: a color documentary on the search for the white shark, employed special diving elevators to allow divers free mobility in their search. The film, with superb color photography by Princeton's Stanton Waterman, is at the Playhouse this week.

News Of The Theatres
—Continued From Page 6—

PLAYHOUSE
Blue Water, White Death (now playing) is a Jacques Yves-Costeau type of documentary. It pivots on the hunt of the white shark, "the largest, deadliest, cold-blooded predator in the world." The chase goes from the coasts of South Africa and Ceylon to the Dangerous Reef of Australia.

The search, led by producer Peter Gimbel, a skin diver, underwater photographer and businessman, has dramatic overtones, with the best sequences showing the divers leaving their special cages to go among the feeding sharks. The underwater scenes are fascinating.

PRINCE
The Love Machine (now playing), based on the novel by Jacqueline Susann, is the story of a TV newscaster named Robin Stone who works his way up and nearly takes over the company. The guys and dolls of the entertainment jungle are all there: Maggie the girl who loves him, the beautiful model Amanda, his boss — and his boss's wife, and his best friend and various ladies of the evening.

John Phillip Law has the lead role. Robert Ryan, Jackie Cooper, Dyan Cannon, David Hemmings and Jodi Wex-

ler support. The cast is accomplished, the plot wild, but the spark of the novel is lacking.

GARDEN
Klute (now playing) is a tense thriller about a small town cop (Donald Sutherland) who searches the big city for his missing friend, vanished six months ago from his job with a large company.

His lead is to an expensive call girl (Jane Fonda). Her problems include obscene letters and mysterious phone calls from an unknown person. The growing relationship between the policeman and the prostitute is a gem of off-beat characterization.

Jane Fonda, who really takes over the film, gives a fine performance as a girl trying to break out of her old profession into modeling or acting or something else. Sutherland is tight-lipped and low key throughout the film. Director Alan Pakula has made a well-crafted film.

COMEDY AT CLINTON
"Arsenic and Old Lace" Next. "Arsonic and Old Lace" will open Thursday at the Clinton Summer Theatre and continue through Sunday. Written by Joseph Kesselring, it is a slightly macabre story of two sweet little old ladies who live in Brooklyn and whose charity it is to put lonely men out of their misery through the use of poisoned elderberry wine.

Randee Brenner and Beth Hall will be playing the roles of the two elderly women. Miss Brenner is the Company Choreographer, as well as an actress and singer.

Beth Hall is also a junior at Ithaca College as is Miss Brenner and has come to Clinton Summer Theatre from her home in Syracuse to make a special appearance in "Arsenic and Old Lace." She also will be seen in "Fiddler on the Roof" at Clinton Summer Theatre before the opening of "Arsenic and Old Lace."

Tickets to "Arsenic and Old Lace" may be purchased at the box office at 23 West Main St., Clinton, N. J., or by calling and reserving them at 201-735-5625. Performance times are 8:30 Thursday through Saturday, and 7:30 on Sundays.

Conditioning the Coeds.

To the Editor of Town Topics:

I read with some astonishment that the Hun School is adding a new course to meet the needs of its female students: "The Art of Being a Gracious Member of Society," including "cooking, housekeeping, budgeting, child care and social behaviour."

"Member of Society" is euphemism for "wife," clearly its male students will contribute to society in other ways than these. It is just such blatant conditioning to sex-roles which prevents talented girls from freely expressing and realizing their potential.

There may well be Hun coeds who envisage themselves as doctors or engineers; how long will their ambitions hold when they see so clearly what their teachers expect them to do "graciously" with their lives?

No doubt Headmaster Chesebro will assert someday that women don't want lives outside the kitchen; he seems to be doing his bit to insure that his female students get that message.

Hun Course Criticized.

To the Editor of Town Topics:

Following is a letter I have sent to Dr. Paul Chesebro, headmaster of the Hun School.

JOAN BARTEL

38 Jefferson Road

I think it is absolutely appalling to introduce such a course as you have proposed for the young women who will enter your school in the Fall. (TOWN TOPICS, August 12)

The sex role stereotyping that goes on in society and in schools and the textbooks in slightly more subtle ways is bad enough, but your proposed course is so blatantly sexist that I almost find it hard to believe. The damage that is done to the female portion of society by limiting the potential and horizons is not to be taken lightly.

Do you have a course for your black students on how to be a good janitor?

I hope you'll consider dropping "The Art of Being a Gracious Member of Society" in favor of a Women's Study Course.

Why Not Bind Their Feet?

To the Editor of Town Topics:

I had often wondered if the Hun School derived its name from the tribe of barbarians—now we have positive proof of it. "The Art of Being a Gracious Member of Society" indeed!

That in this day and age (after "three years of study" yet) so-called educators should be entrenched in really cruelly stereotypical notions of "femininity" is unspeakable. Perhaps the young ladies might have their feet bound as well?

Thanks to men like Mr. Chesebro, these 40 lucky girls will some day graciously find themselves totally unprepared for any sort of useful and self-supporting career; will (if they are lucky) graciously consent to being paid half the salaries of their male classmates; will graciously discover discrimination in every avenue controlled by men like their old headmaster; and finally, graciously "choose" to opt for marriage and babies because there is simply nothing else to do.

Where are their parents? Surely they will demand equal education — not cooking and makeup — in return for large tuition fees. As a parent, may I add that my son will never be a student at Hun — even if he would be eligible for what one assumes is the twin course for boys, "How to Be a Productive Member of Society."

MARIAN B. COPELAND

NOTICE

Letters to TOWN TOPICS "Mailbox" should be typed, double-spaced, signed and received for publication no later than Monday. No letter will be printed without a valid signature and address. Letters longer than 500 words may be edited or omitted entirely, at the discretion of the editor. Letters on subjects not specifically related to the Princeton area may also be rejected.

Hun and Housekeeping.

To the Editor of Town Topics:

Reading that the Hun School, in turning coeducational, will be giving its female students courses in cooking, housekeeping, and being socially gracious in this day and age is as astonishing to me as if I had read some previously all-white school, upon integrating, were offering its black students courses on janitoring, cotton-picking, and shuffling.

ELLEN MORGAN

Cranbury Road,

Princeton Junction

Ungracious Decision.

To the Editor of Town Topics:

One wonders by what peculiar line of reasoning Paul Chesebro and his colleagues reached their decision to impose a course on "cooking, housekeeping, budgeting" and "child care" upon the Hun School's new female students, and, further, to name the course "The Art of Being a Gracious Member of Society." (TOWN TOPICS, August 12, page 2.)

Webster's defines "gracious" as attractive, merciful, kindly and courteous. Surely we are not to believe that the early dedication of oneself to a life of domestic drudgery is conducive to the growth of these rare and desirable qualities.

It would seem, rather, that Chesebro et al have misapplied this appealing adjective in a conscious effort to lure girls into intellectual suicide at an early age. Candor would require that the course be called "The Art of Being a Second-class Member of Society."

This "preparatory" school has clearly been geared to prepare boys for college and careers and prepare girls to be the future servants of the boys. At best, the men at the Hun School are clinging to outmoded and extremely harmful stereotypes in the face of this society's growing commitment to equal rights and opportunities for all human beings. At worst they are an unprintable noun.

LYNNE DARCY

Damage to Girls.

To the Editor of Town Topics:

Following is a copy of a letter I have written to Dr. Paul Chesebro, headmaster of the Hun School.

MRS. JOYCE J. WALSTEDT

60 Harriet Drive

I urge you, as a professional psychotherapist, to reconsider your new course offering for females, "The Art of Being a Gracious Member of Society." Surely to meet the challenges of today's world, we must teach our young women how

Elle 2 will be the exclusive outlet in the United States for Emmanuelle Kahn's "Rue de Seine" Clothes. You'll also find here things by Giorgio di Sant'Angelo and others.

As a concession to the little girls who tag in with their young mothers, Elle 2 has baluchi's and kurtas — gay little smock dresses — from Pakistan. The sizes range from about 4 to 10.

And, in the miscellany at Elle 2, Moroccan rugs, small tables inlaid with pearl, and—"Berta." Berta is a pig-tailed, button-eyed, huggable doll about three feet tall — from Argentina.

ON THE PROWL

For Gallery 100, Hal Burnett a partner at Gallery 100, has spent the summer in Italy, painting in Positano, mostly, but also tripping around for handmade items for the Gallery. He has returned with an array of jewelry, combs, belts and other things that will pleasure the art lover.

The Gallery's scouts have been in many far places this summer, from Appalachia to the island of Rhodes and Istanbul. Mrs. Virginia Burnett visited Athens and cruised through the Greek Islands, visiting Rhodes and Crete among others. Her trip took her on to Istanbul and Ephesus, and she, too, hunted for unusual handicrafts. So do your Christmas shopping early at the Gallery 100.

We've also discovered that the Gallery 100 has been fram-

ing a massive five-foot by 12-foot oil on collage by Maria Luisa Pacheco of New York City which will hang in the entrance hall of the new engineering complex at Mobil Oil in Pennington.

Getting curious, we discovered that the smallest object framed by the Gallery was a starfish. Valuable pre-Columbia figurines have been enclosed in shadowboxes as have war memorabilia and someone's prized collection of sports medals.

Perhaps the most romantic was the christening dress, framed with a picture and a rosary. Needlework is stretched and framed at Gallery 100, as a matter of course, but the stretching of a huge tapestry was a special assignment.

There are all kinds of frames at Gallery 100. The selection includes mats, liners and non-glare glass. Frames can be as delicate as three-eighths of an inch in width, or as wide as four inches. Choose metal, gilt, silver, painted or stained.

NEW CHAIRMAN NAMED
To N. J. State Bar, Gordon D. Griffin, 160 Leabrook Lane, president of the Mercer County Bar Association, has been named chairman of the New Jersey State Bar Association's Local Government Law Section.

The former president of the Princeton Bar Association is a graduate of Princeton University and the University of Pennsylvania Law School. In addition to membership in the Princeton, County, State and American Bar Associations, Mr. Griffin belongs to the National Institute of Municipal Law Officers. A member of the firm of Mason, Griffin and Moore, he is attorney to both the Township and the Borough of Princeton.

EXTRA MONEY NEEDED
West Windsor Will Vote. A supplemental bond issue of \$1,100,000 to help finance construction of a new high school will go before voters in the West Windsor Plainsboro Regional district September 22. The \$1.1 million will make up the difference between the \$6.9 million approved on June 30, and \$8 million total of construction bids for the new high school.

The district's school board approved the \$1.1 million supplement at a special meeting held last Thursday. The vote was 7-1. The dissenter, Walter Meyer, said he thought the board could have made more cuts to reduce the amount of the supplemental bonds.

Earlier in August, board members promised to review alternatives that might reduce the amount. It was suggested that elimination of a cover for the swimming pool

Gordon D. Griffin

could save some money. At Thursday's meeting, Superintendent John Hadden said the pool cover would remain in the school's budget. He did not say what precise cuts the board had made in the original plan.

Construction contracts were awarded to the following low bidders: for general construction, The Belli Company, \$3,595,600; structural steel and iron, Industrial Engineering Works, \$470,000; plumbing and drainage, Frank Gibson, Inc., \$321,465; heating and ventilating, Superior Consolidated Contractors, Inc., \$891,995; electric, Molnar Electrical, \$662,780 and sewage treatment plant, Campanella Construction Co., Inc., \$192,200.

WEEKEND EVENTS SET
By Flight Two Planners. A variety of activities has been scheduled for this weekend by Princeton youth group, Flight Two. Starting at 6:15 p.m. this Thursday, August 19, a radio workshop meeting will be held at Flight Two headquarters, 173 Nassau Street.

At the noon hour Friday there will be a meeting of the Youth Concerns Committee at the YMCA. Proposed topic for discussion is continuation of Flight Two. On a lighter tone, a folksinging, soccer and pic-

nic party is set for Marquand Park that evening. A grill will be provided.

A Harvest Concert will top the weekend on Saturday from 8-11 p.m. at the PHS boys gym. Admission is \$1.

FOUR ARE FINED
In Borough Court. Four Princeton area residents paid fines in Borough court Monday night for various traffic offenses.

Paul J. Lecompt, 70 Clay Street, paid \$15 for careless driving; Arthur S. Ribnick, 120 Grover Avenue, paid \$15 for failure to keep to the right; and Jacob G. Katz, 216 Dorchester Drive, Cranbury and Margaret N. Withur, 140 Quaker Road, both paid \$15 for speeding.

PHS ENROLLMENT OPEN
For New Students. Students wishing to enroll at Princeton High School are requested to come to the High School guidance office between 9 and 4 Tuesday through Thursday next week. The guidance staff will be available to assist students during these hours.

Returning students and freshmen who made their course selections last spring may also check their schedules during these same time periods.

16 ARE CAUGHT
In Narcotics Raid. A State Police narcotics raid on a farmhouse commune in Montgomery Township was carried out at dawn Friday, resulting in the arrest of 16 persons, including a teacher in the Princeton Regional School system.

The raid was staged by 12 detectives from the State Police narcotics squad and troopers from the Princeton barracks. Marijuana, prescription-type drugs and LSD were reportedly seized in a search of the farmhouse, known as the old Hauptli Farm on Route 206 near Skillman. The owner is listed as Cyrus Werner of Princeton.

Among those arrested was Miss Nancy J. Schreiber, 23, a first-grade teacher who taught at Riverside last year and will be at John Withers.

NEW DIRECTORY OUT

On West Windsor Government. The West Windsor Democratic Club has released a 1971 directory listing meeting time, dates, building locations and personnel of the municipal government, as well as telephone numbers of township officials, map of municipal buildings and details on voter registration.

The directory is being distributed to residents in many areas of West Windsor. It is also available to all residents through Democratic Club members.

GIFT TOTAL INCREASES

By 20% at University. Princeton University received \$22.1 million in gifts and grants from private sources during the fiscal year that ended June 30. This represents an increase of approximately 20% over the previous year's results, \$18.5 million, and marks the third time in Princeton's history that the University has received more than \$20 million in one fiscal year.

"The response of many concerned people is especially gratifying in this time of unprecedented financial pressures on all universities. Princeton's alumni and friends together with corporations and foundations, are responding generously to our appeal for urgently needed additional funds," Henry E. Bessire, Vice-President for Development, said.

"Because the challenges facing Princeton will not disappear, or even diminish, in the foreseeable future, we must continue to count on high levels of support from our friends. At the same time, we shall be doing everything within our power to narrow the gap between income and expenses and to develop new financial resources."

Results by source are as follows: gifts from individuals and bequests, \$16.2 million; foundations, \$4 million; corpo-

rations, \$1.6 million; and other private sources, \$300,000. Significant increases were posted in each area over the previous year. Of the \$22.1 million total, Princeton's alumni accounted for \$14 million.

Contributions toward both current operating and capital expenses are counted in the total. Included are gifts for the purposes of the University's long-range Development Program which, with a goal of \$125 million, is aimed at strengthening certain key programs such as International and Regional Studies, Urban Studies, the Life Sciences, the Library, and student aid. During the last fiscal year \$13.6 million was committed toward this long-range development effort, bringing the total realized to date to \$33.7 million.

REGISTRATION OPEN

BUSINESS In Princeton

NEW OWNERSHIP SET

For Carrier Clinic. Pending final contract negotiations, the Carrier Clinic, a privately owned and operated psychiatric hospital in Belle Mead will be acquired by Purolator Inc. of Rahway.

Under terms of the agreement, Carrier will exchange all of its outstanding stock for a portion of Purolator common stock. A 48-year-old manufacturer of filter equipment for cars and airplanes, Purolator has already outlined extensive plans for enlarging

the patient capacity in the Clinic.

The Clinic is one of the larger private psychiatric care hospitals in the country. Located in a rural setting, it accommodates 179 patients and maintains a full-time staff of 16 psychiatrists and approximately 250 other employees.

In reviewing Purolator's plans for Carrier's expansion, a spokesman for the company cited the \$2 million additions to the Clinic in 1969, and added, "Purolator hopes to enlarge not only on Carrier's facilities but also on the concept of the clinic as a privately owned psychiatric hospital."

Dr. Carrier, the principal

owner and president of the clinic, will continue in his present capacity under Purolator's ownership, as will his medical and administrative staff.

BASE TEN REPORTS LOSS

Equal to 10 Cents a Share. A downward turn in its operations for the first half of 1971 was reported this week by Base Ten Systems, Inc. The manufacturer and designer of electronic data systems has its headquarters on Route 1 just north of Princeton. The company incurred a net loss of \$28,653 after realizing net sales of \$419,754. For the comparable period a year earlier, a profit of \$6,138 was reported on sales of \$698,213. The loss per share for the current year is 10 cents, contrasted to a two-cents-a-share profit for the first half of 1970.

M.M. Kranzler, president and chairman of the board at Base Ten, commented:

"Our loss is due to two factors: First, there was a substantial decline in sales reflecting the general weakening of the aerospace market. Second, pursuant to a decision made in 1969 to broaden our market into Europe, we intensified our sales effort and incurred significant costs in travel, preparation of models and presentations.

"The decline in sales required extra effort throughout the Company to minimize our losses, while reorienting ourselves to other markets. As such, we managed to stay about even.

"The result of the intensification of our European sales effort, which accounts for most of the loss, is that Base Ten Systems, Inc. has been selected to provide airborne flight test instrumentation for a major European program. The contract, which is yet to be negotiated, will provide a major increase in the company's business.

"We have come through these six months fully pre-

serving our technical and management capabilities, and increasing our sales strength. Our financial condition continues to remain strong, and we now look forward to a period of growth and opportunity."

ACQUISITION SET
By Princeton Associates. Princeton Associates for Human Resources, Inc. (PAHR) has acquired Lagoon Rest Homes, Inc. This acquisition includes Sheltered Care Facilities in Lambertville and Atlantic City.

In addition to room and board, PAHR will offer habilitation, rehabilitation, and educational programs to the residents of these facilities who, because of age, psychological, or social reasons require sheltered care.

PAHR plans to offer additional plans in the health care field which will include residential training and day care centers.

TENNIS CENTER PLANNED
To Replace Princeton Swim Club. Demolition of the Princeton Swim Club on Washington Road is scheduled to begin Monday in order to make space for a six-court indoor tennis center.

The Princeton Community Tennis Program has been offered free office space in the new facility. Previously located at the residence of Eve Kraft, Ridgeview Road, founder and long-time director of the Program, the six part-time secretaries, bookkeepers and researchers along with voluminous tennis supplies will be given space in the new indoor center.

Further information about the new facility may be obtained by writing: Princeton Indoor Tennis Center, P.O. Box 2306, Princeton.

THREE FINISH CLASSES

In Damage Control Course. Three firemen of the Princeton Junction volunteer company — Joseph Zucarello, chief; Joseph Rateliff, assistant chief; and Stanley Rodenfield — have completed a U.S. Navy course in damage control at the Philadelphia Navy Yard.

The three learned techniques in attack and extinguishment of flammable liquid, electrical fires and use of various extinguishing systems. In addition to classroom sessions, the course also included practice periods of actual fire fighting exercises.

The fire company regularly schedules other such training programs with the Mercer County Fire School and the New Jersey State Fire College. It also holds its own weekly training drills at the fire department headquarters on Alexander Road, Princeton Junction.

to participate alongside men
to solve worldwide problems.
We must stop doing irrevoc-
able damage to our girls by
telling them that they must
use an intelligence equal to
that of men to receive special
instruction "in cooking, house-
keeping, child care and social
behavior."

On the other hand, it might
be a good idea to require both
sexes to take such a course, as
they do in Sweden, if it is
made clear that the role of
housekeeper and parent is but
one of many roles that both
sexes must prepare for. Sure-
ly girls don't need any more
instruction on how to be the
passive foils for active, a-
chieving men.

It is forward looking of your
school to admit girls. Now, I
hope, you will give them a for-
ward looking education rather
than send them back to the
19th century.

Property Owners Not Involved
To the Editor of Town Topics:

In the story on Harry's
Brook (TOWN TOPICS, Aug-
ust 12) it was reported that
more than 50 property owners
along the Brook "had met with
Friends' (of the Princeton
Environment) executive com-
mittee on July 8 and adopted
the statement including nine
questions they want answer-
ed." This report is incorrect,
and in deference to the prop-
erty owners who attended the
meeting on July 8, certain
points should be made clear.

The July 8 meeting was
sponsored by the Friends of
the Princeton Environment as
an opportunity for property
owners along Harry's Brook
to hear an informal talk with
slides by Ian Walker, Execu-
tive Director of the Stony
Brook - Millstone Watersheds
Association, on the subject of
streams in general and Har-
ry's Brook in particular. This

Recycling Tips To Aid Volunteers

The Conservation Coalition urges citizens who participate
in the monthly recycling projects to aid the volunteer collec-
tors with a few preparational measures to speed the collection
process.

Cans and bottles should be cleaned; newspapers tied in neat
bundles. Tin and bimetal cans, those with seams, can be
flattened by removing or knocking in both ends and crushing
them horizontally. The lighter aluminum ones, usually made
all in one piece, can be squashed by standing them on end
and jumping on them.

Bottle necks should be free from any metal rings, and labels
should be removed if possible. Collection will be faster if all
glass is sorted by color into green, brown and clear deposits.

Since collection stations are set-up in this order — glass,
metal, newspaper-depositing at each location would be facili-
tated if cars were packed in reverse order. Participants are
again reminded that cars are to be kept out of gear when in
line for unloading, and recyclers are urged to remain in them.

Volunteer help is always welcome. The next collection will
be this Saturday, from 8:30-10:30 a.m. at the University park-
ing lot of Faculty Road.

was not a meeting with the
Friends' Executive Commit-
tee, only two members of
which were present; more-
over, no joint conclusions were
reached, no statements or
joint action proposed or adopt-
ed, and no questions drawn
up.

No one was asked to take
any stand on any issue con-
cerning the Brook. The rea-
sons for the currently propos-
ed rechanneling project were
not cited by Mr. Walker in his
talk, but by the residents con-
cerned.

On July 12 seven members
of the Friends' Executive
Committee, at their regular
meeting adopted the statement
with questions which was sent
to the Township Committee.
This represented only the opin-
ion of the F.P.E. and made no
claim to represent the views
of the property owners who
met on July 8 to hear Mr.
Walker, although we natural-
ly hope and believe they share
our concern for the welfare of
Harry's Brook.

Family Sponsors Needed.

To the Editor of Town Topics:

With the help of your news-
paper, I would like to invite
readers in the Princeton area
to consider participating this
fall in an experimental Fam-
ily Sponsor Program, a new
effort to bring together the
local community and the stu-
dents of Princeton University,
particularly the men and wo-
men of the entering freshman
class.

The idea is to identify each
family that volunteers with
one of the University's Resi-
dent Advisors, a group of 46
selected seniors and graduate
students who live in the cam-
pus dormitories and who have
a particular concern for wel-
coming new students. These
Advisors will subsequently be
responsible for making the ini-
tial introduction of students
and families, in late Septem-
ber or early October.

From these beginnings, we
hope that informal relation-
ships will evolve to provide the
local family with a new friend
on campus, and the student,
often far from home, with a
friendly, off-campus place to
turn to as his or her new life
in our community develops.

President Goheen and oth-
ers within the University have
expressed their enthusiasm
for this undertaking, while
recognizing that the success
of an unstructured effort
such as this can be measured
only in terms of the personal
relationships that evolve from
it.

Those interested in partici-
pating or in obtaining further
information should call or
write me at the following ad-
dress:

vice

Phone: 609-452-3603
Please include your name,
address and phone in any cor-
respondence.

I would appreciate hearing
from you as soon as possible
prior to September 8, as we
will begin to coordinate the
program with the Resident

Advisors after that date.
Thank you for your interest
and cooperation.

High School Poll Questioned.
To the Editor of Town Topics:

With respect to the poll of
high school students published
last week, my compliments to
the Tower staff for using opin-
ion survey techniques to learn
more about the community. As
a professional survey re-
searcher I feel that the exer-
cise of poll taking is a fine
way to learn how it works.
Good for them, but not for
you.

At this time in the climate
of the drug issue in Princeton,
it boggles the mind to think
that you would publish what
is almost certainly misleading
and distorted data on Prince-
ton High School students.

The information you sup-
plied about the poll as well
as what was not included in
the description of it suggests
that it was a meaningful stu-
dent exercise and nothing
more. With the number of sur-
vey researchers that we have
in this town (even in August),
any number of us would have
been happy to evaluate the
poll before you published it.

If in fact you did have it
evaluated, and if the survey
itself was designed and ad-
ministered to meet profession-
al standards, please accept
my apologies and a request
that this be so noted the next
time you publish poll data.

HERBERT ABELSON
7 Meadowbrook Drive

Editor's Note: Mrs. Elaine
P. Heinemann, faculty adviser
to "The Tower," reports that
Cindy Sollen, who was in
charge of the poll-taking pro-
ject for the paper, "received
guidance on how to conduct a
poll scientifically rather than
emotionally." She went to Gal-
lup and Robinson for such in-
struction, learning, among oth-
er things, "what would be con-
sidered a valid poll; how to
achieve a correct sampling;
how to phrase questions to
erase slant."

CIRCUS IS COMING!

OPEN ORIENTATION SET

For New Montessori School. An open public orientation to the East Windsor-Hightstown Montessori School will be held at 7:30 p.m. this Sunday at the school, located on Route 130 north of the Princeton-Hightstown Road.

Consultant to the new school, Arlene Venturi, also director of her own school in Vineland, will talk about the purpose, methods and goals of a Montessori education for pre-school children. Carol David and Julie Brigham, teachers at the

school, will also be on hand to answer questions about the school program which will begin in September.

Though classes for all students will start September 22, a staggered enrollment plan will allow small numbers of children to enter at an earlier time and become more acquainted with the Montessori method. The school is equipped with Montessori materials imported from Holland and includes an observation room for unobtrusive viewing of the children's activities.

Board of directors for the new school are Mr. and Mrs. Walter Yurgel, Mr. and Mrs. Donald I. Orenbuch, and Mrs. Lenore Mandel. They will also be present at the Sunday evening open house to welcome parents interested in the program.

Clean Campaign Planned.

To the Editor of Town Topics:

The following letter has been sent to Melvin C. Firman, mayor of West Windsor Township.

STEFAN GUZY

11 Canoe Brook Drive
Princeton Junction

Please advise the West Windsor Township Committee that the Republican candidates for Township Committee have agreed to support and conduct a campaign program that will not blemish our Township streets and countryside.

Consideration will be given to the following:

— All recipients of promotional material will be advised to remove them from sight immediately after Election Day.

Wherever possible, paper material used will be of the recycling type and will be so recycled. No attachments will be made to any tree or utility pole.

Any locally sponsored giveaway material will be of the type to encourage environmental beautification — not destroy it.

At a recent West Windsor Republican meeting, the members also offered their wholehearted cooperation.

PEOPLE In The News

Dr. Arthur S. Wightman, 30 Western Way, internationally known theoretical physicist, who holds joint Princeton appointments as Professor in the Departments of Mathematics and Physics, has been singled out for one of the highest honors Princeton University can confer upon a scientist. The Thomas D. Jones Professorship of Mathematical Physics, a distinguished high distinction chair reserved for a "creation."

He succeeds Eugene P. Wigner, Nobel Laureate in Physics in 1963 and winner of a host of other honors, including the Atoms for Peace Award, the President's National Medal of Science, and the Enrico Fermi Award of the U.S. Atomic Energy Commission. Professor Wigner at age 68 has joined the ranks of Professors Emeriti.

In recent years Professor Wightman, a member of the Princeton Faculty since 1949, has devoted himself primarily to the mathematical foundations of the quantum theory of fields. This work, done in part with a series of gifted graduate students and visiting fellows, and with colleagues in Europe, has been characterized by its extensive use of the techniques of modern mathematics, especially the theory of analytic functions of several complex variables.

Development of Aerial Game Vital to Success of Tigers' Offense

(This is the second in a series of four articles on the prospects of Princeton University's football team in 1971.)

Better than average experience is available to Princeton's football team on the 1971 offensive unit, but the replacements that must be made involve for the most part the key to the Tigers' success this fall.

Of the five gaps created by graduation, three constitute the basic receiving corps—the two ends and flanker back. Combined with the fact that the quarterback candidates (two varsity holdovers and two sophomores) must improve the quality of the passing Princeton had last year is the need to develop replacements for the talented receivers—ends Pete Hauck and Chris Montgomery and flanker back Brian McCullough.

In addition to this trio, the senior regulars who played out their careers last November were Kirk Liddell, the veteran center, and guard Steve Saner. The two linemen were big, capable and experienced, and both played major roles in blocking assignments which enabled the Princeton ground game to outgain its opponents by better than 100 yards per contest.

Virtually all of the doubt over the Tigers' ability to return to the ranks of the contenders in the Ivy race—after last year's fifth-place finish—is

THE TIGERS' ONE-TWO PUNCH: Seniors Doug Blake (left) and Hank Bjorklund will combine to give Princeton an unusually strong running game this fall. A 205-lb. fullback, Blake averaged 4.9 yards per carry, not far below Bjorklund's 6.0. That figure was third nationally, as the Tiger halfback became the first ball carrier in Princeton history to gain more than 1,000 yards on the ground in one season.

directed at the offensive platoon. The defensive unit (to be reviewed here next week) is solidly entrenched, with nine of 11 starters on hand.

SPORTS in Princeton

With two exceptionally fine running backs in Hank Bjorklund and Doug Blake, and a line that will field a good blend of returning starters and capable replacements, the Orange and Black seems quite sure of being able to average better than 250 yards on the ground. The key development factor accordingly hinges on the quarterback and his receivers—if they cannot improve over the frequently dismal passing performance of 1970, Princeton is very likely to finish out of first division two years in a row for the first time in Ivy League history.

By positions, this is the picture for the 11 jobs on the offensive platoon as the Blairs-town training session nears:

Split End: The immediate replacement for Pete Hauck is junior Baron Jones, and with a year of varsity experience behind him, he is heir to the starting role until someone else proves better. That's the aim of sophomore Kerry Brown, who was the top player on last year's freshman eleven.

Brown has an immediate edge on Jones in physical statistics—at 6-3 and 190, he's three inches taller and 15 pounds heavier. Add his overall potential to that advantage, and you come up with the likelihood that Brown will be

a regular in his sophomore year—very possibly the only member of his class to earn such status by opening game.

Two other sophomores are candidates for split end, so that there is less experience at this position than any other on the entire 22-man team. One is 185-lb. Andy Doorey, the other, 165-lb. Blair Magaziner. The latter sounds too small to cut the mustard, until you recall the great job that pint-sized Rob Bordley (a refugee from the 150-lb. team) did there two years ago.

Tackles: Both starters (210-lb. Bill Brown and 215-lb. Paul Ondrasik return. Brown, a tremendous find last season as a sophomore, will be backed up by three sophomores. 230-lb. Glenn Yanik, 205-lb. Hal Brewer and 225-lb. Brad Gsell, with Yanik the likely comer.

On the other side of the line, junior Jeff Bartosiewicz (225 lbs.) has the ability to give Ondrasik a run for the job once he gains experience. A leg fracture before the Rutgers opener a year ago sidelined him for the season. Junior Bob Campbell, at 245 one of the biggest players on the squad, will add depth here, as

will sophomore Karl Chandler (235).

Guards: Emil Deliere, a coach's pride and joy for his steady ability and occasional brilliance, returns for his senior year after having started all nine games last fall. A 200-pounder who has recovered from a shoulder dislocation suffered as a member of the wrestling team, he will be backed up again by classmate Jim Green, 210; by sophomore Steve Sanford, 200; and possibly by Jim Rafeedie, another 200-pounder who saw action as a center on last year's freshmen.

Saner will be waged primarily between 207-lb. Steve Curtis, a junior who was Saner's principal replacement last fall, and a promising sophomore, 235-lb. Bill Cronin. These two will provide good depth but there is more in the availability of 205-lb. Mike Bennett, a junior, and sophomore John Meighan (195) if the latter is converted from center.

Center: Kirk Liddell played so much in starting all 18 games for the past two seasons that no varsity holdover has much experience. Junior Paul Yakulis (195) was Liddell's principal replacement last year; senior Tom Ward (225), junior Jim Sundry (213) and the sophomores Rafeedie and Meighan will give Tiger line coach Ken Bowman a wide choice here. When the choice is made, one or more of them seems sure to be switched elsewhere.

Flanker Back: The only gap to be filled in last year's starting backfield occurs here, with the graduation of Brian McCullough. He saw so much action that his immediate replacement, junior Larry Chollet, was little used. At 5-11, 180, Chollet gives poundage and height away to his chief challenger, sophomore Walt Snickenberger, who stands 6-1 and weighs 192.

Another junior, 6-1, 160-lb. Pete Korsan, and sophomore Pat Walker (5-10, 170) are also in the picture, but the choice will probably be made between Chollet and Snickenberger. The latter was a top running back for last year's fresh-

QUESTION MARK: Bill Early, a junior running back of unusual ability, will be the immediate replacement for both Hank Bjorklund and Doug Blake — if he decides to play football this fall. As of mid-August, he has not made a decision on his athletic future at Princeton.

men and has high potential.

Quarterback: Hopes are high that Rod Plummer's two years of experience first on the jayvees and last year as the regular on the varsity will enable him to have a good season. He is well built for the job, standing 6-1 and weighing just under 200. Statistically, he did the job last fall, throwing for 888 yards and adding 298 more on the ground to lead the team in total offense.

The key plays did not, however, crystallize with a adequate frequency, he was charged with ten interceptions, and the lack of authority in the air allowed the defense to clog up the Princeton running game quickly. Virtually the entire question of the Tigers' ability to become a contender in the Ivy race again depends on the degree of improvement at quarterback in 1971.

The job is Plummer's again, until one of the other three proves good enough to take it away from him. Junior Tim Testerman, (6-2, 175) impressive as a freshman but little used last fall, is a capable ball handler but had trouble with the long pass. Fred Datzell (6-2, 190) and Jim Flynn

(6-1, 170) are a pair of untied sophomores.

Fullback: Doug Blake, whose 205-lb. frame lends itself to devastating blocking, returns as the incumbent. He runs extremely well, often dragging tacklers with him before his motion is halted, and his 4.9 average ranks him with top ball carriers anywhere.

Backups include junior John Hagenbuch (5-11, 190) and sophomores Romerio Perkins (5-11, 210) and Howie Baetjer (6-2, 185). Perkins has the pre-season nod as Blake's immediate reserve.

Halfback: Hank Bjorklund broke the Princeton yards gained rushing total with a mark of 1,081 last fall despite the fact that a leg injury kept him on the bench in the Yale Bowl. He has unusual speed, fine broken field sense and good balance—all attributes of a standout halfback. The 6-1, 190-lb. senior has his sights set on playing pro football, and a good season should find him a fairly high draft choice in the NFL balloting.

Bjorklund is likely to see considerable action—the backup material is almost entirely without experience: Sophomore Dave Foellinger (5-10, 175) and junior Derek Lilly, no bigger than 5-8, 165, are listed as his principal replacements.

RCA ASTRO WINNER

In Western Division. The deciding game for first place in the western division of the Business Softball League wasn't much for drama last week as RCA Astro scored eight runs in the first three innings, and went on to conquer RCA A, 19-4.

Tom Young had four of the winners' 26 hits, including a home run; Jim Willits, Tom Gorman, John Senitch and Hal Collins all had three hits.

Post-season playoffs to decide the league champion were scheduled to get under way this week with Astro facing fourth place Hopewell TV, RCA A against third place Cities Service. In the east, McGraw-Hill was pitted against LDA and ETS vs. FMC.

This way to save money.

Dial calls yourself.

Here is a pointer on how to save money on out-of-state phone calls:

Dial them yourself without the services of an operator.

No matter what other state you call (except faraway Alaska and Hawaii), it always costs less when you dial station calls yourself. Especially on weeknights and weekends when savings are big.

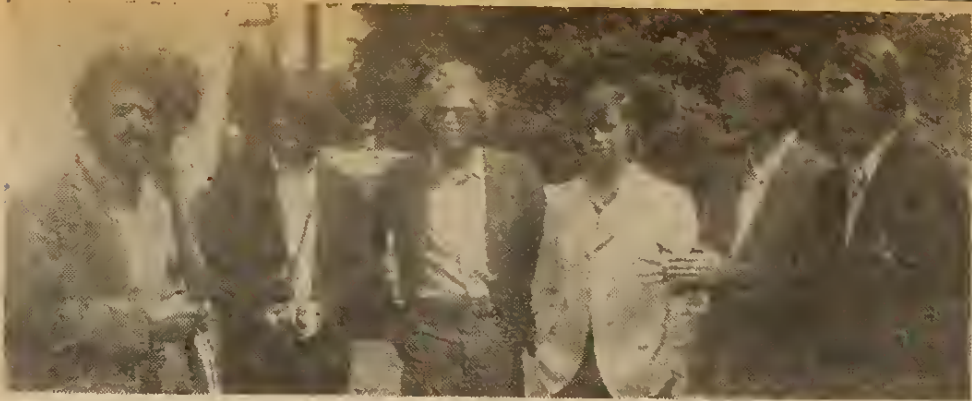

For example. During weekend bargain-calling times*, a 3-minute coast-to-coast station call costs \$1.40 plus tax—if you use the services of an operator.

But the same call is reduced even more—way down to 70¢ plus tax—if you dial it yourself without the services of an operator.

So, dial your own station calls without an operator. And save.

ATLANTA ACTION BEGINS

For Princeton Players. Area winners of the National City Team tennis play-offs including a team from Princeton are in Atlanta, Ga., engaged in a week of round robin matches against NCT winners from all over the country.

After the first day of competition, opened by a forehand drive from the Mayor of Atlanta, the Princeton team enjoyed an evening reception for

all tournament participants at the Governor's Mansion. Also on the agenda is an evening to see the Braves play as well as an Awards Banquet Friday night after the final matches are completed.

The tournament features six singles and three doubles each day for each team. Every member on a team is playing two matches each day pitted against a competitor of corresponding team rank. As in Davis Cup play, every match won is one point for a team.

The fund-raising campaign to provide for the Atlanta trip continues. Contributions are also needed to cover other summer expenses for the advanced tournament group and for similar activities planned for this winter to include all-level players interested in using the indoor courts that will be available.

Tax deductible donations should be made out to the "Youth Tennis Foundation of Princeton" and mailed to the Treasurer, L. V. Silvester, Jr., Princeton Bank and Trust Co., Palmer Square.

Ben Franklin was the victor in the final standings, finishing 11-1 after it won by four points over Stony Brook in an extra meet arranged to break a 10-1 tie between the teams. Stony Brook's final record was 10-2.

In the meet with Bedens Brook, double winners for the Nassau Club were Gretchen Dobrott in the 50-yard butterfly and 50-yard breaststroke for girls 12 and under; Marc Coutin, 25-yard breaststroke for boys 10 and under and 50-yard freestyle for boys 12 and under; Carrie Bolster, 50-yard butterfly for girls 17 and under and 100-yard individual medley for girls 17 and under; Andy Bolster, 50-yard freestyle and 100-yard medley for boys 17 and under; Scott Kelly, 50-yard backstroke and 100-yard medley for boys 12 and under; and Carrie Kidd, diving and 50-yard breast-

PAL Crown Won by Princeton All-Stars

Displaying the same kind of good pitching and fielding that had carried it that far, the Princeton all-stars blanketed Trenton, 1-0, and won the National PAL invitational Baseball Tournament last Thursday night.

Paul Soderman gave up just two hits in the six-inning contest. He had to be sharp because Princeton batters were limited to just three by losing hurler Joe Joiner.

The deciding run came in the fourth inning when Aronovic and Scott Thompson both drew walks with one out. John Silverman's grounder to shortstop resulted in a force play at second for the second out, sending Aronovic to third. Dave Shillaber then hit a single to center, scoring Aronovic with the winning run.

The two-week tournament attracted a field of 26 teams. Trenton recovered from a second round loss to win the losers bracket, and won the right to face Princeton Thursday night. If Trenton had won the first game, a second would have been played to determine the champion. The Princeton All-Stars sailed through the competition with a perfect record.

stroke for girls 17 and under. Others who finished first were Tory Garvey, 25-yard backstroke, girls 8 and under; Jean Rosenbluth, 25-yard freestyle, girls 10 and under; Tom Bolster, 25-yard butterfly, boys 10 and under; Pierre Coutin, 50-yard backstroke, boys 17 and under; Mary Bolster, medley, girls 12 and under; and Teri Dreyhaupt, diving, girls 12 and under.

The Nassau Club overcame a big lead Flemington-Raritan built by winning all four diving events when it captured 13 of the 20 swimming events. Victory in the sixth and final relay gave Nassau the eventual decision.

Double winners in this meet included Marc Coutin, Gretchen Dobrott, Carrie and Andy Bolster, while first places were also credited to Jean Rosenbluth, Tom and Mary Bolster, Abby Wilson and Scott Kelly.

THREE WIN RACES

In Junior Olympic Swimming, Bob Hiel, Peter Manieri, and Mike Wawczak are the fastest swimmers in New Jersey in their age groups. The three boys won Junior Olympics Championships at the two-day meet held last week-end at Lake Mohawk. Hiel, won two first places, and one second place. Manieri won a fourth and a sixth, in addition to his first; and Wawczak added a fifth place to his first.

Hiel's victories came in the 200 meter individual medley for 10-under boys, which he swam in 3:12.2, and the 100 meter freestyle, in 1:13.8. He took second place in the 50 free, with 33.2.

Manieri's gold medal was won in the 100 meter breaststroke for boys 13-14. His time was 1:19.9. He took fourth place in the 50 freestyle, with 28.3, and sixth in the 100 freestyle in 1:05.

Wawczak won the 50-meter breaststroke race for 10-under boys, in 40.1 seconds. He took fifth in the 200 individual medley, with 3:22.6.

Princeton swimmers who took 2nd place medals were:

Bill Stevenson, 100-meter freestyle for boys 11-12, in 1:07.5; Beaver O'Hara, 50-freestyle, 11-12 boys, 30.3; Haywood Miller, 100-meter breaststroke, 11-12, 1:30.2; and Drew Stevenson, 200-meter freestyle, 10-under boys, 2:53.1.

Bronze medals for 3rd place went to Mike McKenna, twice, for 50-meter breaststroke, 11-12 boys, in 41.6, and 50 freestyle in the same age group, 28.3; Chuck Hector, also twice, for the 200-breaststroke, 15-17, 2:53.2, and the 100 breaststroke in 1:18.5; Mike Reock, in the 13-14 50 freestyle, 28.3; Bill Stevenson, in the 11-12 100 breaststroke, 1:32.4; and Marianne Mancino, in the 10-under girls 200 freestyle, in 3:02.6.

Beaver O'Hara took two 4th places, in the 11-12 100 freestyle, in 1:08.1, and the 200 freestyle, in 2:33.8. Other fourths were won by Mike Reock, in the 13-14 100 free style, in 1:03.3; and Martha Kinney, in the 13-14 freestyle, in 2:35.9; and Maura Dorgan, in the 15-17 100 backstroke, in 1:20.1.

Martha Kinney and Greg Lauffer each won two 5th place medals. Martha took hers in the 13-14 100 backstroke, in 1:20.3, and the 200 backstroke in 3:02.5. Lauffer's fifth came in the 11-12 100 backstroke, in 1:26.0, and the 50 freestyle, in 31.8. Other fifth places were taken by Marianne Mancino, in the 10-under 50 freestyle, in 35.1; Rick Gavenda in the same event for boys, 36.2; Haywood Miller, in the 11-12 50 breaststroke, in 42.6; Brian Cooke in the 13-14 200 individual medley, in 2:46.0; Drew Stevenson in the 10-under 100 freestyle, in 1:21.4; Mike McKenna in the 11-12 100 breaststroke, in 1:33.7; and David Mancino in the 15-17 100 freestyle, in 1:03.

Sixth place swimmers were Marianne Mancino, in the 10-under butterfly, 45.5; Brian Cooke, in the 13-14 200 breaststroke, in 3:14.5; and Mike Reock, in the 13-14 200 backstroke, in 2:48.5.

Swimmers qualified for the championship meet in a series of meets held during the summer throughout New Jersey. The six fastest swimmers in each event in each age-group competed in the finals.

Maybe someday
all cars will be built like
the Citroen.

Maybe someday.

Maybe it depends on you.

When you demand a car, for example, that would ride like a Rolls but costs like a Chevy. One that would take curves like a Maserati but seats a five full passengers. A car that would be in every sense a luxury car—yet burns gas like a tiny Volkswagen (27 MPG).

Maybe you could get that kind of car from Detroit if you demanded it. Or you could buy one right now. It's called a Citroen. Just go to your nearest Citroen dealer and test drive it.

Learn how good other cars may someday be; and how someday is today with a Citroen.

ONE OF THE BEST BUYS

is a house built to an owner's specifications as it offers many advantages to a lucky second owner. They began with the basement, nearly doubling the space and adding height. They had the basics put in for central air conditioning (just add the unit). She chose a special vinyl for the center hall, running through the kitchen and into the family room where it merges with the same soft green in a luscious shag. They ordered the fireplace extra width with a gas jet. Of course, the oven is self-cleaning. The triple windows in the living and dining rooms are extra wide. He and professionals have done the outside handsomely, caring for the many trees, establishing a velvety lawn, adding a cement sidewalk, a black topped driveway. Each of the 4 bedrooms overlooks the wonderful thick greenery of a well treed lot. \$55,900.

The Ten Best Buys...

As members of the Princeton Real Estate Group, we can show you every property available (and advertised!) in the Princeton area. To save you time, we have chosen the ten "Best Buys" on the local market today... each in a different price category... Obey that impulse — phone at once. Perhaps just one more look will bring you face to face with exactly what you want.

- (1) West Windsor — 4 bedrooms, 2½ baths, wall-to-wall carpet. Fine condition... beautifully kept. \$41,000
- (2) Lawrence Twp. — 4 bedrooms, 2½ baths, 16x32 swim pool; nicely landscaped. \$39,000
- (3) 4 bedroom Colonial in marvelous shape. Central air-conditioning. West Windsor (low taxes) \$48,500
- (4) Live in your own park... 3 acres, Montgomery Twp. Cape Cod with 4 bedrooms, 2 baths. Lovely! \$55,000
- (5) Princeton — tall trees, brand new, 4 bedrooms, 2½ baths, family room... good location \$65,000
- (6) Pennington — old town house now rented as apartments. 1st floor could be offices. \$67,500
- (7) Elm Ridge Park — 5 bedrooms, wall-to-wall carpet, fireplaces in family room & living room. \$96,000
- (8) Princeton — a great house for retirement — large rooms, one floor, mature plantings. \$105,000
- (9) North Lawrence — 3 wooded acres, brick house with 4 bedrooms, 3 baths. Small estate! \$115,000
- (10) Because of its great location (on Library Place), its historic importance, its 8 bedrooms, 4 baths & 9 fireplaces, this is a bargain at \$140,000
